

## HURLSTONE AGRICULTURAL HIGH SCHOOL P & C ASSOCIATION

Dear Parents,

I am sure you have wondered just how our students obtain the extra resources they need for success. The money for these resources has come from your generous support of the P&C Association.

As most of you already know, we raise funds every year to contribute for the continued success of our students. These funds in the past have helped upgrade classrooms and install an air conditioner in the hall. These funds also enable our kids to travel to compete in various sporting events, and supply grand pianos to our budding musicians on which to practice.

Hurlstone P&C has successfully raised money throughout the years to enhance the resources used by school facilities for our children. How do we get the funds we use? Through the financial support of people like you. As parents of Hurlstonians you realise how important it is to get extra resources for the school so your children's education benefits.

We know you would like to help.

Participants can start by donating to our International Food Day. You can also help donate by giving the precious gift of time by cooking or volunteering on the day, or perhaps you might consider a financial donation towards the ingredients for food that will be sold.

By contributing in any of these ways, you will help finance the following:
